Boundary

This is a recorded clock calculation and evidence structure. It does not provide legal advice or determine the substantive response.

Assumptions

- Request recorded as access and received 24 July 2026 through Privacy request portal.
- 45 calendar days, with one possible 45-day extension.
- No identity-date adjustment was selected.
- No extension was selected.

Limitations

- Does not decide identity, authority, scope, exemptions, manifestly unfounded or excessive status, entitlement, disclosure content or whether an extension is justified.
- The US catalogue covers enacted broad state privacy laws, not sector-specific health, biometric, genetic or financial laws.
