Purpose and boundary

Track declared sponsorships and political contributions, customer approvals, restrictions and actual payments.

Preserve beneficiary, activity type, jurisdiction, amount and currency. Approved or paid activities require the actual approval and restrictions. Paid amounts cannot exceed the approved amount in the same declared currency. The register does not determine whether a contribution is permitted.

This register checks customer-declared records, versions, scope, dates and exact source links. It does not authenticate source authority, consent, approvals, legal applicability, eligibility or population completeness. Exact inputs and files stay in this browser unless explicitly saved through paid private cloud saving. It does not fetch, send or change external records.
